2005-07 Statutory Language Proposals

DIVISION:	Air and Waste
BUREAU:	RR
ISSUE/TOPIC:	Combine GIS FEES in Appr. 2(dh), remover from Appr. 2(mi)
PROPOSED CHANGE:	<p>RR collects fees for soil contamination and for groundwater contamination to be listed on the GIS registry. Soil contamination fees a deposited in appr. 2(dh). Groundwater contamination fees are currently deposited in appr. 2(mi). These two fees should both be deposited into appr. 2 (dh). Both of these fees are part of administrative code, NR 749: fees for providing assistance; remediation and redevelopment program.</p> <p>The groundwater standards database is found in WI stat. 292.57. This shows the fees deposited to appr. 2 (mi). This should be changed to 2(dh).</p> <p>The Chapter 20 authority for 2 (dh) will need to include the reference to WI stat. 292.57.</p>
EXPLANATORY NOTE:	<p>The RR Program currently obtains fees for placing properties on the GIS Registry of Closed Remediation Sites when the properties contain residual contamination. As mentioned, currently the fees are deposited into two different appropriations (soil contamination and groundwater contamination) which makes tracking the fees in two separate accounts confusing and managing the 12.0 FTE and system programming efforts supported by these fees complex.</p>
DESIRED EFFECTIVE DATE:	Budget passage
